The installation process, product requirements, and other information are shown below. Please read through them.

====[Caution]=====

■ Confirmation of license agreement

Before using this software, please confirm the “Synthesizer V AI Yumenokessho Terms and Conditions” described in this document and install the software only if you agree to the terms. Please note that you cannot use the software if you do not agree to the Terms and Conditions.

[Synthesizer V AI Yumenokessho Terms and Conditions]

<https://yumenokessho.bang-dream.com/guideline/guideline-synthesizer-v/>

■ Product requirements

• OS

Windows 11/10 or above (64-bit)

macOS 10.13 or above

Linux Ubuntu 20.04 or above (64-bit)

• CPU

Intel Core i5 or better

or AMD equivalents

For AI audio high-quality editing:

4th Generation Intel Core i5 (i5-4xxx) or better recommended

AMD Athlon X4 845 or better, including Ryzen series

• Memory

2 GB or more

• Hard disk space

1 GB or more

*The required space depends on the number of voice databases installed.

• Display resolution

1280 × 800 or better

■ Activation code

The activation code for this software is treated as the equivalent of the product. If the activation code is lost, the product itself will also be considered lost. Therefore, please note that we cannot reissue the activation code, and any other content as well. We ask for your understanding in advance.

■ License

If you wish to install this product in a different environment, you can deactivate (canceling the certification) on Synthesizer V Studio Pro in advance to transfer it to a different PC.

■ Return policy

Please note that no returns will be accepted once the product is opened.

If you wish to exchange or return the product due to a defect, please file a report via the official Bushiroad Music website (<https://bushiroad-music.com/contact>).

■ Others

Audio device and internet connection required

*Your computer must be connected to the internet for activation (registration), updating to the latest version, and user support (inquiries regarding the software, etc.).

*Meeting the requirements above does not guarantee that the software will run on all computers.

*Performance may vary depending on the overall performance of your computer, including the number of tracks that can be used at the same time.

*Synthesizer V Studio must be installed before installing the singing database.

■ Inquiries

For inquiries regarding problems with your activation code or questions regarding [Synthesizer V AI Yumenokessho POPY], please visit the official Yumenokessho website at the URL below.

<https://yumenokessho.bang-dream.com/contact>

■ Inquiries regarding Synthesizer V Studio Pro (Windows/macOS users)

Log in to your personal page on the AHS website (<https://www.ah-soft.com>) and then click on the [Product-related inquires] button. Clicking on the button will bring up an inquiry form with which you can make inquiries regarding Synthesizer V Studio Pro. When asking questions about Synthesizer V, see [Product name] and select your version of Synthesizer V Pro. Enter the support number included with your product in [Support number]. Please be sure to inquire here regarding technical support, such as how to operate your product.

■ Inquiries regarding Synthesizer V Studio Pro (LinuxOS users)

Inquiries are handled at the Dreamtonics website (<https://synthesizerv.com>). Please send an email using [Inquiries] on the website.

■ Before making an inquiry regarding Synthesizer V Studio Pro

Before you make an inquiry to the support service, please refer to the FAQ posted on the AHS products page.

Referring to the FAQ may solve your issue.

Synthesizer V Studio Pro FAQ page:

<https://www.ah-soft.com/synth-v/index.html#faq>

■ Notes about inquiries regarding Synthesizer V Studio Pro

When making an inquiry, please describe your PC environment and the symptoms of your issue in as much detail as possible. If you have a manufacturer-built PC, please state the model. If you have a home-built PC, please describe the parts, structure, and so on in detail. Please understand that we may be unable to help you if the content of your inquiry or details about your PC environment are unclear.

■ AHS Support Center

The AHS Support Center handles inquiries in the order in which they are received. You may

have to wait for some time for a response depending on the nature of your inquiry and the number of inquiries in the queue. Responses take roughly 3 to 5 business days. During heavily busy times, responses may take more than 5 business days. Thank you very much for your understanding.

■ Synthesizer V Studio Pro support

Inquiries regarding Synthesizer V Studio Pro (Windows/macOS) are handled by AHS Co., Ltd. Support for Synthesizer V Studio Pro is handled only by email. Please complete user registration and product registration before making your inquiry.

(*Please be aware that we cannot accept inquiries by phone.)

(*If you use Linux, please make your inquiry at the Dreamtonics website (<https://synthesizerv.com>)).

● Step 1: Please perform user registration (non-registered users only)

You must complete user registration on the AHS website for user support and other AHS online services. Please complete user registration first if you have not yet done so.

AH-Software user registration page:

<https://www.ah-soft.com/regist/>

● Step 2: Please perform [Synthesizer V Studio Pro] product registration (all users)

To receive updates and technical support for this product, you must log into your personal product page from the user account registered in Step 1 and register this product.

Use the ID and password issued to you after user registration to log into your personal page, then click the [Newly register purchased products] button and select [Synthesizer V].

Proceed with product registration according to the instructions on the page to complete registration.

====How to download and install [Synthesizer V Studio Pro]=====

To use [Synthesizer V Studio Pro], you must install it on your computer and obtain a product license (activation) via the internet. Please connect to the internet and install the program according to the instructions below.

STEP 1: Download the program [Synthesizer V Studio Pro]

Select your OS from the download URL (<https://www.ah-soft.com/synth-v/setup/>) and download the set-up file(s).

STEP 2: Activate the set-up wizard

Run the downloaded [svstudio-pro-setup] to activate the [Synthesizer V Studio Pro] set-up wizard.

Select the language you wish to use during installation and click the [OK] button.

STEP 3: Agree to the license agreement

The [Synthesizer V Studio license agreement] will be displayed.

Read the agreement carefully; if you agree, please check [I agree] and click the [Next] button.

STEP 4: Designate install folder

A screen will be displayed for you to designate the folder where [Synthesizer V Studio Pro] will be installed.

Select any installation destination and click [Next].

*Please do not select an external hard drive, USB memory stick, or other removable device as the installation destination. Doing so may result in malfunction.

STEP 5: Select components

A screen will be displayed for you to designate the components for [Synthesizer V Studio Pro].

Select any components and click [Next].

STEP 6: Confirm installation

The installation setup for [Synthesizer V Studio Pro] is now configured.

Click [Next] to begin installation.

STEP 7: Perform installation

The installation of [Synthesizer V Studio Pro] will now begin.

During installation, a progress bar will be displayed.

Please wait until the installation is complete.

STEP 8: Complete installation

A screen will be displayed to show that installation of [Synthesizer V Studio Pro] is complete.

Start up Synthesizer V Studio Pro

Input the activation code for this product and click the [Confirm] button to complete the installation.

Next, proceed to installation of [Voice database installer - Yumenokessho POPY AI].

====[Synthesizer V AI Yumenokessho POPY installation manual]=====

To use [Synthesizer V AI Yumenokessho POPY], you must install it on your computer and obtain a product license (activation) via the internet. Please connect to the internet and install the program according to the instructions below.
